*Re: Docket No. 20200155-WU - Application for certificate to operate water utility  
in Okaloosa County by Okaloosa Waterworks, Inc. – Tariff Approval – Bulk Rate  
Northwest Florida Speedway*

Dear Commission Clerk,

Okaloosa Waterworks, Inc. (Okaloosa) requests approval of an existing special bulk rate for the Northwest Florida Speedway (NWFSW). It was recently discovered that the NWFSW obtains water for its racetrack from a nearby hydrant. The NWFSW pulls water from the hydrant into a tanker truck to spray on the track during its weekend races. Okaloosa obtains information on the number of truckloads and bills the gallons on the existing rate of \$5.00 per thousand gallons. Okaloosa was informed this was the existing arrangement that it had with the prior owner – Blackman Community Water System. Okaloosa believes this existing rate is fair and equitable as there is no meter and no meter reading costs.

Okaloosa has been obtaining the information and has been billing this customer at the existing rate. Okaloosa requests approval of the existing rate in the above referenced docket. Okaloosa has attached its requested tariff herewith.

Respectfully Submitted,

Troy Rendell  
Vice President  
Investor Owned Utilities  
*// for Okaloosa Waterworks, Inc.*
