Complainant, \*

v. \*

FLORIDA POWER AND LIGHT  
COMPANY, \*

Respondent. \*

Proceeding No.: 20-214  
File No.: EB-20-MD-002

**FLORIDA POWER & LIGHT COMPANY'S RESPONSES  
TO AT&T'S FIRST SET OF INTERROGATORIES**

Defendant Florida Power & Light Company ("FPL"), pursuant to Rule 1.730, submits the following responses to the "First Set of Interrogatories" served by Complainant Bellsouth Telecommunications, LLC d/b/a AT&T Florida ("AT&T").

**General Response**

FPL adopts and incorporates, as if fully set forth herein, its July 17, 2020 Opposition and Objections to AT&T's First Set of Interrogatories. All responses set forth herein are subject to the July 17, 2020 Opposition and Objections to AT&T's First Set of Interrogatories.

The responses set forth herein are based on information presently known and available to FPL. FPL reserves the right to supplement these responses as additional information becomes known or available through the discovery process or otherwise.

### Responses to Individual Interrogatories

**Interrogatory No. 5.** Identify the cost, estimated cost, or average cost FPL incurs to remove a pole and to dispose of a pole that it replaced or relocated pursuant to a Storm Hardening Plan. Identify the cost, estimated cost, or average cost by pole height and class.

**Response.** The average cost to pull a pole during the years 2011 through 2020 (January -- July 2020) is \$703 per pole. FPL does not track pole removal cost by pole height or class, and does not track which poles were replaced as part of the storm hardening program. The \$703 average cost includes pole removal, sidewalk repairs, permits, and disposal. These categories of cost do not vary according to the reason for the removal. The same removal activities would be required whether the pole was replaced due to hardening, the pole had reached the end of its useful life, the pole simply was no longer needed for the provision of electric service to FPL's customers, or was removed for other reasons.

**Interrogatory No. 7.** Identify the alleged "amount due FPL for the ownership transfer of the identified poles" referenced in Mr. Jarro's February 22, 2019 letter to AT&T (Pole Attachment Complaint Exhibit 20) and, if different, the alleged "amount due FPL for the transfer of ownership for the identified abandoned poles" referenced in Mr. Jarro's March 20, 2019 letter to AT&T (Pole Attachment Complaint Exhibit 21). Separately provide the total amount and the per-pole amount FPL contends was due for the 5,230 poles listed in the attachment to Mr. Jarro's March 20, 2019 letter to AT&T (Pole Attachment Complaint Exhibit 21). Include in your response the basis, methodology, and assumptions used by FPL to calculate the "amount due," the date FPL first communicated to AT&T the "amount due," and the date FPL first provided AT&T documentation of and support for FPL's calculation of the "amount due."

**Response.** There is no difference in the amount due as referenced in Mr. Jarros' February 22, 2019 letter as compared to Mr. Jarro's March 20, 2019 letter. The per-pole amount due is \$310. Details regarding the calculation are included on the attached file.

Respectfully submitted,

ECKERT SEAMANS CHERIN & MELLOTT, LLC
