Subject: I support Solar Choice in the Sunshine State - Docket: 2020-0000

Dear Florida PSC Commissioners,

I spent a lot of money on my solar system because I think it is the responsible thing to do to protect the environment. I did it with the understanding that during times that my rooftop panels make more electricity than i am using, I will get repaid by my utility company at the wholesale rate. Please do not make pollution-less poser more expensive than it already is.

Please preserve the net metering rules here in Florida.

Sincerely,
Scott Duink
Sarasota, FL 34242
