To Whom it May Concern:

I am extremely concerned regarding the above mentioned docket for a more than 35% rate increase by TECO / Peoples Gas. Such a huge rate increase is irresponsible and unjustified given the current climate of COVID-19 and the economic difficulties we are seeing across the country.

Additionally, due to lower oil and gas demand, prices for natural gas are lower and will remain low. This rate increase is just to line the pockets of the TECO shareholders and to benefit only TECO's expansion plans.

Please reject this rate increase and protect the citizens of Florida,

Sincerely,

Christopher Kramer
