Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

It's no wonder the average intelligent citizen feels that big business is out to scalp the public by reaching into their pockets. Stop being so greedy and for once in your life give some thought to us who are living from paycheck or pensions, rather than how much you can earn for your stockholders.
