Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

You are adding an unnecessary burden to the electric utilities customers while adding monies to their bottom line.

We need cost reductions, not price increases that will benefit a very, very small portion of the utility company customer base.

Please stop the Electric Utilities' Docket 20200092-E1!!!!

Sincerely,

Mr. Greg Satfield
