Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

What the hell is this, Russia? We don't need higher rates in this time of emergency. Let new development be the ones you take extra from.

Sincerely,

Mr. William Gullige
