Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

It's horrific enough that for 2 people living in a townhouse where lights are off most of the day and air is in 75 or 76 from 8am to 3pm our bill is approximately \$165 per month WITH discounts for On Call program and Solar program that you are going to increase it further!

What about all of your commercials claiming you're LOWERING our bills?!
We can't afford to live here at this rate.

Sincerely,

Ms. Gloria Scelfo
