Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Many are seniors here on a fixed income. Though we appreciate electric service the companies are making plenty of money and can afford to invest on their own without us getting rate increases.

DUKE ENERGY Docket # 20200092-E1

Sincerely,

Mr. Ronald Sonesen
