Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Regarding docket number 20200092, as a customer of TECO, I do not support a rate increase to benefit a small percent of customers, especially as the overall risk is small and no positive actions are required of TECO to prevent risk exposure.

Sincerely,

Mr. Sidney Milstein
