Florida PSC PSC PSC
FL

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Add your personal story here

As a customer, that has no option other than FPL to provide service to me. I am asking you to consider not approving this request. I have notice that anytime FPL come before your Board and ask for increase the board easily and seems graciously approve their request. What about us consumer who have no other recourse. These Utility companies profits are outstanding and for any upgrade or improvement they pass these cost off to us the consumer. While their profit grows and grows. At what point do your Board members think of the consumers.

Regards,
Colleen Leslie
