Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

This will cause more financial hardship for poor and middle class Floridians. How can you let this happen ? How cruel ! More \$ for utility execs salaries and campaign contributions for Florida governor and the state legislature.

Sincerely,

Mr. Kenneth Rowles

I don't understand what you are going to do with my and many others comments. Why not give to commissioners and the

governors office. Will they ever be looked at and considered ?
