Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Add your personal story here. Stop this action. FPL is my company and only 4% Doesn't help us any. How do you choose. The profit from all customers with go to Company, yet where I am may or may not be touched. Sorry do t want this. All power lines in all of Florida should be underground. If you can't change all the. None should be changed.
