Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Why are all inland residents paying for those that live in coastal areas?

My electric bills are high enough without adding a MANDATORY fee to assist someone else.

Put it on the ballot & let those that will pay decide if this is a good idea!

Sincerely,

Cheryl Keller
