Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Please stop this foolish request. These are for profit business not Electric Co-op. They should learn how to manage money. It is time to stopped going to the customer for handouts. We need either Regulation back ,or competition for these companies.

Sincerely,
Lonnie McKenzie
