Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Stop the increase in rates from Duke Energy. Investors are the only people who will benefit. As a retiree with social security as income, I find the false pretenses to justify rate increases objectionable.

Docket #:20200092-E1

Sincerely,

Ms. Vilma Brower
