Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

I really do not understand how all of us Floridians have to subsidize a very small portion SPP customers. There are better alternatives given that storm responses cannot be effectively measured. This raise on all customers will only increase the profits of the few SPPs. Do not do this !!!

Sincerely,

Mr. Alain Goinden
