Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Friends, I can't imagine a worse time to allow electric utilities to raise their rates. I for one have been unemployed because of the Pandemic. Every road seems to be dead end.

Please consider the unemployed like me who can't do without electricity. It's not a luxury, it's a necessity.

Thank you for taking my request into consideration.

Warmly,
Pete Hutton

Sincerely,

Mr. Pete Hutton
