Florida PSC PSC PSC
FL

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Add your personal story here

Sincerely,

Ms. pat4lsavebig ryan

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Dear Commissioners,

Your job is to vote in favor of the public, not big corporations who are already highly profitable. Imagine the waste and cost of this approval on thousands of people who already pay way too much for health care and medications, who have

no way to improve their economic situation, who can barely survive on their current income. Twenty or thirty dollars down the drain for you may not be much but for many thousands of Florida Power and Light customers and other Floridians, it is a weeks worth of food.

Please do not allow this to pass!!

The Storm Protection Plans are not strategic, and do not consider any modern options for reducing grid dependence, such as: wind, solar, batteries, or a more decentralized electricity system. And none of the Storm Protection Plans comply with the Public Service Commission's own Rules (25-6-030).

Sincerely,

Ms. M H Morris
