Subject: Stop the Electric Utilities' Boondoggle (Docket 20200092-E1)

Sep 22, 2020

Florida PSC PSC PSC
FL

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

docket number 20200092-E1

As a retired senior living on a fixed income, I object to the Florida electric utility companies taking advantage of the utilities' Storm Protection Plans (SPPs) to make massive and largely ineffective investments in Florida's electric grid.

The anticipated rate increases of \$18 -\$29 per customer, PER MONTH is alarming to me and many of Florida's vulnerable seniors especially since there is no way to measure post-storm restoration performance will be enhanced and no way to hold the utilities accountable for their proposed improvements.

These monopolies will place the burden of this plan the backs of seniors, (many on fixed incomes) and those working to provide for their families while reaping BILLIONS in profits.

Please protect the citizens of the state of Florida from the greed of these monopolies.

Thank you for your time and courtesy

Sincerely,

Veronica Kirschling
