Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

It's simple: I am on a fixed income.

I understand the need for reliable electricity, but improvements that benefit less than 5% of the users with no accountability and all the while ignoring existing rules under 25-6-030 sounds like mighty bad legislation.

Sincerely,

Mr. William Papoosha
