Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

As one of millions of retirees in Florida, I consume power and water resources very sparingly. I intentionally conserve. So you are approving unnecessary rate increases so the utilities have larger profits, not larger capital improvements and employee training? Hold the companies, and yourselves, accountable.

A M Kelley

Sincerely,

Ms. Ann Marie Kelley
