Florida PSC PSC PSC
FL

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

My provider is JEA and to my knowledge JEA is not planning Storm Protection plans funded by their customers. However, if I understand the problem with the proposed plans by FPL, Duke Energy, TECO, these plans do not include

1

moving to underground lines. Therefore, it is unlikely repairs will be effected quickly and that massive outages will be the continual norm.

Sincerely,

Ms. Retha Blake
