Subject: Stop the Electric Utilities' Boondoggle (Docket 20200092-E1)

Sep 23, 2020

Florida PSC PSC PSC
FL

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Dear Florida Public Service Commission,

My wife and I are both 77 years old and, like thousands of others, we are on a fixed income. When rates increase on utilities or other necessities we have to find something else to cut down on in order for our budget to work. In other words when dollars leave our hands they are gone forever and we are forced to take dollars from something else to subsidize the increase of another.

We understand when the cost of living raises but in this case it appears that only 4% of FPL's customers will get any benefit from this proposed increase and yet FPL will net 12 Million or more dollars.

We very respectfully ask that you do every thing in your power to stop this proposed increase.

Sincerely,

David & Karen Hurt
