Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

This action will not assist the majority of electric customers in the state. It does not address any solar energy Issues. And you were going against the commissions on rules to vote this in. I receive power through the Florida Keys Electric co-op heard of association which I believe is influenced through FPL. Refers to docket number 20200092-E1.

Debra Wonderlin

Sincerely,

Mrs. Debra Wonderlin
