Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

This Commission seems to care more about the utilities' interest than the citizens you should be concerned with. Please think about the senior citizens and others who have a very low income in this State. They are the majority of the citizens that you are sworn to protect.

Sincerely,

Mr. RALPH CAVALIER
