Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

From: Duke Energy Florida Customer at 3049 Lake Saxon Dr., Land O'Lakes

I object to your considering this proposal because all customers will subsidize a tiny few. Despite the SPPs massive size, few customers will experience shorter storm-related outages. For example, just 4 percent of FPL's residential customers and 5 percent of Duke Energy's customers will get their overhead power lines underground.

John Stepanek
