Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Florida has a lot of senior citizens who depend on Social Security and no other sources of income. The proposed increase is higher than the usual Social Security annual increases. With everything else getting more expensive, especially in the time of COVID-19 (which has been exacerbated by the indifference and incompetence of the present governor of Florida as well as the current president), we cannot afford higher electric bills.

Sincerely,

Ms. DONNA DAUGHERTY
