Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

We are an older couple on fixed incomes through social security & my husband's pension. We have Duke Energy for our electric & receive service at 21742 Mims Way, Lutz, FL 33549. I am writing regarding docket # 20200092-E1. It seems the PSC is never looking out for the customers of these utilities & have now approved plans which we will be seeing significant bill increases by 2059 plus only 5% of customers of Duke will get overhead power lines moved underground. We oppose these plans adding more costs to our already high bills especially on fixed incomes, going thru a pandemic & the state of our economy! Please don't move forward with these plans PSC commissioners!

Sincerely,

Charles & Pamela Lootens

Lutz, FL 33549-8750

Sincerely,
