Dear Staff and Members of the Public Service Commission:

Thank you for your service to all Floridians.

My appeal to you is to please use your emergency rule-making authority to prohibit Florida utilities from shutting power off to those that have fallen behind in their monthly electric bill payments until such time as the pandemic has ended, the economy has recovered and Floridians are able to pay their utility bills. So many are desperately struggling due to this Covid crisis and I count on you to do what is most humane at this time.

Sincerely,

Elizabeth Arizu
