Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Electric bills are already too expensive and high for seniors, especially on fixed incomes and there is no clear cut plan that shows this expensive plan is going to benefit the consumer.

Sincerely,

Mr. Ruben Reschman
