Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

As a widow on a budget I'm concerned about having to pay higher electric bills. I thought the electric companies like mine FPL were putting more effort into going solar. It's sad to see the electric companies becoming monopolies and going against the PSC.

the docket number is 20200092-E1 Please don't allow the electric companies to go through with this.

Sincerely,

Ms. Laura Ewing
