Florida PSC PSC PSC
FL

Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

I strongly object to a rise in the my utility bill IN ADVANCE for unknown storm costs that will impact the few.

I strongly object to this plan being based on traditional power sources with no attempt to move to modern technology, e.g., solar or battery power.

I strongly object that the PSC is ignoring its own Rules (25-6-030) for these plans.

In general, I strongly object to the Florida Public Service Commission NOT acting in the public's best interests but rather in the interests of state-mandated monopolies.

Sincerely,

Ms. Carol Fifield
