Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

20200092-E1

We would support putting the electric power lines underground and would be willing to pay a surcharge for this but ONLY if it was guaranteed to be ALL customers not just 5%.

We will not support a plan that offers so little in improvements.

Duke Energy is our power company.

Sincerely,

Mrs. Maureen Cummings
