Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

I am a retired senior citizen living in Florida on a pension. These rates plus the current condition of our nation is making my life very difficult financially and physically.

The growing trend on added fees and rate increases keeps getting more frequent.

Have mercy! . One day, you will "walk in my shoes"

Sincerely
Kathy Beck

Sincerely,
