Consumer correspondence for docket 20200000.

Sincerely,

Diana Vizcarrondo
Regulatory Specialist II
Office of Consumer Assistance

Note: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are considered to be public records and will be made available to the public and the media upon request. Therefore, your e-mail message may be subject to public disclosure.

Subject: Net metering

Considering that your agency is called PUBLIC Service Commission, it is an outrage that you are even considering the bogus request to revise the way the residents who invested or thinking about installing solar systems are reimbursed for the clean energy. Leave it alone!

I have contacted my elected state legislators (Kevin Rader and Mike Caruso) in this matter.

Thank you,
Adam Galicki
