Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

We became Florida residents in 2017, and one of the many things we love about Florida are the reasonable electric costs. Let's keep it that way ... we don't need this huge investment and corresponding price increase to help so few!

Sincerely,

Mr. Dennis Naylor
