Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

I am a customer of Duke Power and receive my electric service at 10064 sw 88th st, ocala, fl. I am voicing my opinion on the new storm protection plans under consideration on docket 20200092-E1. This is a terrible plan that only benefits very few customers (plus the utilities themselves) at the expense of everyone else.

I was a member of management with FPL for 26 years and understand how they operate.

This legislation is not helping the customers, only the utilities.

Please vote this down, or at a minimum, make sure their plans comply with the PSC rules (25-6-030).

Andrew Selkregg

Sincerely,

Mr. Andrew Selkregg
