Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Florida Power and Light supplies electricity to my home and my friends' homes. We are all retired and do not need extra expenses thrown into our budgets.

Please re-consider and do not charge us for something only benefitting a few customers. Thank you for your consideration.

Sincerely,

Mrs. Earline Ford
