Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

This is a financial rape for customers at no benefit to them at any point in the future. This just shows the continued corruption of the monopoly of the utilities for US and Florida citizens.

Sincerely,

Ms. Rebecca Roberts
