Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

When i was out of work and hurricanes were hitting Florida we were without power and yet we still paid for power from FpL. I do not want to pay for less than 5% of those who can not fill their obligations.

Sincerely,
101 64th ST

Sincerely,

Mrs. Judy Young
