Subject: COMMENT ON DOCKET#20200219-EI

To whom it may concern,

I am emailing regarding DOCKET #20200219-EI. Fully knowing the economic impact of the pandemic, it is extremely concerning that utility companies have not provided their customers with adequate services to address these tough times. I strictly oppose utility disconnects during the pandemic, and believe that it is wrong to further hinder customers who are already at an economic disadvantage.

Best,
