**Subject:** Opposition to electric power disconnections during the current pandemic

Good Afternoon,

I am writing now to voice my opposition to electric power disconnections during the current pandemic. Due to the economic impact of the pandemic, citizens are in a state of financial struggle and should not have their power cut off due to something out of their control. I would also like to mention, DOCKET#20200219-EI is underway, which petitions to initiate emergency rulemaking to prevent electric utility shutoffs. Thank you for your time and consideration.

Concerned Citizen,  
Sarah Galt
