Hi Laura,

I have listed below the initial starting address for all the cost centers you sent. I only had one ending address which was for crews going to Three Notch. I listed it below as well. Reaching out to the GF's of the crews should provide you with an ending address. For crews that transferred, the starting address will be the ending location address of the previous receiving utility they were working for. Travel will be billed. When traveling to a receiving utility, that receiving utility will be billed for the travel, I would also reach out to the GFs about the meals.

Hope this helps,

Thank you!  
Autumn
