Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

As a disabled and retired person living on a fixed income this is do wrong to take advantage of Floridans. To start a ith Florida is a financially hurting state with low paying salaries to fixed incomes, it makes its money totally on tourists don't abuse the rest of the people of our state. Please cease your plans for raising our electric to pay for non existing pre hurricane damage. Thank you.

Sincerely,

Mrs. Mary Merth
