DOCKET NO. 20200166-GU
ORDER NO. PSC-2020-0345-CFO-GU
ISSUED: October 7, 2020

ORDER GRANTING PEOPLES GAS SYSTEM'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 03853-2020)

On July 21, 2020, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Peoples Gas System (PGS) filed two Requests for Confidential Classification (Requests). Collectively, the Requests seek confidential classification of PGS's responses to OPC's Second Set of Interrogatories (Nos. 76-113), specifically Nos. 79 and 109; and Second Request for Production of Documents (Nos. 46-51), specifically Nos. 49-51 (Document No. 03853-2020). The Requests were filed in Docket Nos. 20200051-GU and 20200166-GU. The first request filed (Document No. 03948-2020) addressed OPC's Second Request for Production of Documents (Nos. 46-51) and the second request filed (Document No. 03949-2020) addressed OPC's Second Set of Interrogatories (Nos. 76-113).

Request for Confidential Classification

PGS contends that the information specified in Exhibit A, attached to its Requests, constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. PGS asserts that this information is intended to be and is treated by PGS and its affiliates as private and has not been publicly disclosed.

PGS further contends that the information identified in Exhibit A contains confidential proprietary business information including load and growth projections, net revenues and Peoples' cost information, the revenue both projected and received from doing business, financial data, information and forecasts and conclusions including highly confidential tax, insurance, and compensation information. Therefore, PGS argues that such information is entitled to confidential classification pursuant to Section 366.093(3)(b)-(e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section

366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (b) Internal auditing controls and reports of internal auditors.
- (c) Security measures, systems, or procedures.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in PGS's Request appears to contain internal auditing controls and reports of internal auditors; security measures, systems, or procedures; information concerning bids or other contractual data, the disclosure of which would impair the efforts of PGS or its affiliates to contract for goods or services on favorable terms; and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 03853-2020 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless PGS or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Peoples Gas System's Requests for Confidential Classification of Document No. 03853-2020 are granted. It is further

ORDERED that the information in Document No. 03853-2020, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless PGS or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 7th day of October, 2020.
