Re: Docket No. 20200176 – Petition to Approve Duke Energy's Clean Energy Connection Program

Dear Chairman and Commissioners:

This letter is to express the City of Treasure Island's support for Duke Energy Florida's proposed Clean Energy Connection Program.

As a small barrier island municipality, we understand the importance of achieving sustainability goals. We are excited for the opportunity to participate in Duke Energy's renewable energy program. We believe this program is one of many steps necessary to improve the diversity of the State's energy portfolio and decrease our dependence on fossil fuels. By participating in this program, the City will demonstrate its commitment to sustainability.

We encourage your approval of the Duke Energy Florida Clean Energy Connection Program and thank you for your consideration.

Sincerely,

Garry Brumback, City Manager
