CUSTOMER COMMENTS
WE strongly oppose Peoples Gas System application for a rate increase. It is UNCONSCIONABLE to seek a rate increase at this time of crisis when their customers are experiencing financial hardship due to the effects of the COVID pandemic.
Peoples Gas System ignores the needs of its customers at this time while other businesses including financial institutions grant forbearance, forgiveness and deferment rather than impose additional burdens
Further more it is INEXCUSABLE to raise rates given the availability of natural gas which should lower costs. The reduction in gas costs over the years has not resulted in any rate reductions as it should HAVE.
We oppose the rate INCREASE application and ASK the Florida Public Service Commission to consider a rate reduction for each of the above reasons
