Tallahassee, FL 32399-0850

Re: Lee County Electric Cooperative (“LCEC”) Modifications to Rate Schedules Pertaining To LED Street Lighting

Enclosed for filing and administrative approval by Commission staff are the following LCEC rate schedules:

- Rate Schedule SL-2 First Revised Sheet 17.000 Canceling Original Sheet No. 17.000
- Rate Schedule SL-2 First Revised Sheet No. 17.100 Canceling Original Sheet No. 17.100.
- Rate Schedule OL-2 First Revised Sheet No. 18.000 Canceling Original Sheet No. 18.000
- Rate Schedule OL-2 First Revised Sheet No. 18.100 Canceling Original Sheet No. 18.100.
- Rate Schedule DL-1 Original Sheets Nos. 18.400—18.600

Purpose of Filing

As part of LCEC’s ongoing efforts to offer energy efficient light emitting diode (“LED”) lighting service to its members, on October 15, 2020, LCEC’s Board of Trustees approved modifications to the existing rate schedules OL-2 Private Area Lighting Electric Service and SL-2 Public Street and Highway Lighting Electric Service. The modifications would close those portions of the referenced rate schedules regarding “decorative fixtures” to new installations on the effective date of the modification. Thereafter, new installations would receive service under LCEC’s new rate schedule DL-1 Decorative Lighting Electric Service, which LCEC’s Board of Trustees also approved on October 15, 2020.

LCEC’s Board of Trustees created the new DL-1 rate schedule for three primary reasons: (i) member demand, (ii) LED street lights are more energy efficient, and (iii) manufacturers are starting to phase out the production of HPS lights for LED lights.

Effective Date

The modified rate schedules described above do not present new pricing concepts; instead they are simply another step in LCEC's ongoing efforts to offer energy efficient LED lighting service to its members. LCEC believes that all of the modifications discussed above are fair, just and reasonable, and should be administratively approved by staff. The tariff changes shall be effective January 1, 2021. Please contact me at 239-656-2240 or eric.scott@lcec.net if you have any questions regarding this filing.

Respectfully,

LEE COUNTY ELECTRIC COOPERATIVE, INC.

RATE SCHEDULE SL-2
PUBLIC STREET AND HIGHWAY LIGHTING ELECTRIC SERVICE

The Lee County Electric Cooperative, Inc., shall charge and collect for electric lighting service on the following bases of availability, application, character of service, monthly rate, power cost adjustment, and tax adjustment.

AVAILABILITY:

This schedule is available throughout the entire territory served by Lee County Electric Cooperative, Inc.

APPLICATION:

Applicable to customers, under the qualification Street Light Districts and governmental agencies for automatically controlled dusk-to-dawn outdoor lighting where existing overhead secondary circuits are located.

CHARACTER OF SERVICE:

Service under this rate schedule shall be alternating current 60 Hertz, single phase at the Lee County Electric Cooperative, Inc.'s standard voltages and shall include lamp renewals and automatically controlled energy from approximately dusk each day until approximately dawn the following day.

MONTHLY RATE:

High pressure sodium (HPS) or metal halide (MH) or light emitting diode (LED) light fixture mounted on existing wooden pole, where applicable, with bracket attachment and connected to existing overhead secondary circuit.

<u>Fixture Type and Nominal Wattage</u>	<u>Average Monthly kWh Usage</u>	<u>Rate per Month for Fixture Owned by Lee County Electric Cooperative, Inc.</u>

Tax Adjustment:

The amount computed at the above monthly rate as adjusted by the application of the Lee County Electric Cooperative, Inc.'s power cost adjustment clause shall be subject to taxes, assessments, and surcharges imposed by any governmental authority calculated in accordance with the Lee County Electric Cooperative, Inc.'s tax adjustment clause which is a part of this rate schedule.

TERMS OF SERVICE:

1. The term of service under this schedule is not less than ten years. If the Lee County Electric Cooperative, Inc., is required to remove or replace private area light facilities provided under this schedule, forcing premature retirement, the Customer shall be required to pay Lee County Electric Cooperative, Inc., an amount equal to the original installed cost, less depreciation and salvage value, plus the cost of removal.

2. The Lee County Electric Cooperative, Inc., shall furnish, install, operate, and maintain the outdoor lighting equipment including lamp, luminaire, bracket attachment, and control device on an existing pole owned by the Lee County Electric Cooperative, Inc., electrically connected so that the power for operation of the light does not pass through the meter for the customer's other usage, at a location mutually agreeable to the Lee County Electric Cooperative, Inc., and the customer. The customer shall reimburse the Lee County Electric Cooperative, Inc. for any extraneous costs incurred during the installation of the outdoor lighting equipment, including but not limited to surveying, tree trimming, and rock removal.

3. The Lee County Electric Cooperative, Inc., shall maintain the lighting equipment, including lamp replacement, at no additional cost to the customer within five scheduled workdays after the customer notifies the Lee County Electric Cooperative, Inc., of the need for maintenance of the lighting equipment.

4. The lighting equipment shall remain the property of the Lee County Electric Cooperative, Inc. The customer shall protect the lighting equipment from deliberate damage. The customer shall reimburse the Lee County Electric Cooperative, Inc., for the cost of maintenance which is caused by vandalism.

ISSUED BY: WILLIAM D. HAMILTON
EXECUTIVE VICE PRESIDENT
AND CHIEF EXECUTIVE OFFICER

Effective: April 1, 2018

(Continued from Sheet No. 17.200)

SL-2

5. The customer shall allow authorized representatives of the Lee County Electric Cooperative, Inc., to enter upon the customer's premises and to trim trees and shrubs as necessary for maintenance of the lighting equipment and for removal of the lighting equipment upon termination of service under this schedule.

6. The Lee County Electric Cooperative, Inc., while exercising diligence at all times in furnishing service hereunder, does not guarantee continuous lighting and will not be liable for damages from any interruption, deficiency, or failure of service and reserves the right to interrupt service at any time for necessary repairs to lines or equipment or for system protection.

7. The Lee County Electric Cooperative, Inc., will not be required to install equipment at any location where the service may be objectionable to others. If it is found that the light is objectionable after it is installed, the Lee County Electric Cooperative, Inc., may at its option terminate the service.

8. The above rates are net. In the event the current bill is not paid after due notice, to the extent permitted by law, the customer is subject to a late-payment charge and disconnection. In the event it is necessary for the Lee County Electric Cooperative, Inc., to send a collector to collect the bill, to the extent permitted by law, a collection charge shall be made

OL-2

RATE SCHEDULE OL-2
PRIVATE AREA LIGHTING ELECTRIC SERVICE

The Lee County Electric Cooperative, Inc., shall charge and collect for electric lighting service on the following bases of availability, application, character of service, monthly rate, power cost adjustment, and tax adjustment.

AVAILABILITY:

This schedule is available throughout the entire territory served by Lee County Electric Cooperative, Inc.

APPLICATION:

Applicable to customers, other than Street Light Districts, for automatically controlled dusk-to-dawn outdoor lighting where existing overhead secondary circuits are located.

CHARACTER OF SERVICE:

Service under this rate schedule shall be alternating current 60 Hertz, single phase at the Lee County Electric Cooperative, Inc.'s, standard voltages and shall include lamp renewals and automatically controlled energy from approximately dusk each day until approximately dawn the following day.

MONTHLY RATE:

High pressure sodium (HPS) or metal halide (MH) or light emitting diode (LED) light fixture mounted on existing wooden pole, where applicable, with bracket attachment and connected to existing overhead secondary circuit.

If the Lee County Electric Cooperative, Inc., is required to remove or replace private area light facilities provided under this schedule, forcing premature retirement, the Customer shall be required to pay Lee County Electric Cooperative, Inc., an amount equal to the original installed cost, less depreciation and salvage value, plus the cost of removal.

2. The Lee County Electric Cooperative, Inc., shall furnish, install, operate, and maintain the outdoor lighting equipment including lamp, luminaire, bracket attachment, and control device on an existing pole owned by the Lee County Electric Cooperative, Inc., electrically connected so that the power for operation of the light does not pass through the meter for the customer's other usage, at a location mutually agreeable to the Lee County Electric Cooperative, Inc., and the customer. The customer shall reimburse the Lee County Electric Cooperative, Inc. for any extraneous costs incurred during the installation of the outdoor lighting equipment, including but not limited to surveying, tree trimming, and rock removal.

3. The Lee County Electric Cooperative, Inc., shall maintain the lighting equipment, including lamp replacement, at no additional cost to the customer within five scheduled workdays after the customer notifies the Lee County Electric Cooperative, Inc., of the need for maintenance of the lighting equipment.

4. The lighting equipment shall remain the property of the Lee County Electric Cooperative, Inc. The customer shall protect the lighting equipment from deliberate damage. The customer shall reimburse the Lee County Electric Cooperative, Inc., for the cost of maintenance which is caused by vandalism.

(Continued from Sheet No. 17.200)

SL-2

5. The customer shall allow authorized representatives of the Lee County Electric Cooperative, Inc., to enter upon the customer's premises and to trim trees and shrubs as necessary for maintenance of the lighting equipment and for removal of the lighting equipment upon termination of service under this schedule.

6. The Lee County Electric Cooperative, Inc., while exercising diligence at all times in furnishing service hereunder, does not guarantee continuous lighting and will not be liable for damages from any interruption, deficiency, or failure of service and reserves the right to interrupt service at any time for necessary repairs to lines or equipment or for system protection.

7. The Lee County Electric Cooperative, Inc., will not be required to install equipment at any location where the service may be objectionable to others. If it is found that the light is objectionable after it is installed, the Lee County Electric Cooperative, Inc., may at its option terminate the service.

8. The above rates are net. In the event the current bill is not paid after due notice, to the extent permitted by law, the customer is subject to a late-payment charge and disconnection. In the event it is necessary for the Lee County Electric Cooperative, Inc., to send a collector to collect the bill, to the extent permitted by law, a collection charge shall be made

OL-2

RATE SCHEDULE OL-2
PRIVATE AREA LIGHTING ELECTRIC SERVICE

The Lee County Electric Cooperative, Inc., shall charge and collect for electric lighting service on the following bases of availability, application, character of service, monthly rate, power cost adjustment, and tax adjustment.

AVAILABILITY:

This schedule is available throughout the entire territory served by Lee County Electric Cooperative, Inc.

APPLICATION:

Applicable to customers, other than Street Light Districts, for automatically controlled dusk-to-dawn outdoor lighting where existing overhead secondary circuits are located.

CHARACTER OF SERVICE:

Service under this rate schedule shall be alternating current 60 Hertz, single phase at the Lee County Electric Cooperative, Inc.'s, standard voltages and shall include lamp renewals and automatically controlled energy from approximately dusk each day until approximately dawn the following day.

MONTHLY RATE:

High pressure sodium (HPS) or metal halide (MH) or light emitting diode (LED) light fixture mounted on existing wooden pole, where applicable, with bracket attachment and connected to existing overhead secondary circuit.

OL-2

6. The Lee County Electric Cooperative, Inc., while exercising diligence at all times in furnishing service hereunder, does not guarantee continuous lighting and will not be liable for damages from any interruption, deficiency, or failure of service and reserves the right to interrupt service at any time for necessary repairs to lines or equipment or for system protection.

7. The Lee County Electric Cooperative, Inc., will not be required to install equipment at any location where the service may be objectionable to others. If it is found that the light is objectionable after it is installed, the Lee County Electric Cooperative, Inc., may at its option terminate the service.

8. The above rates are net. In the event the current bill is not paid after due notice, to the extent permitted by law, the customer is subject to a late-payment charge and disconnection. In the event it is necessary for the Lee County Electric Cooperative, Inc., to send a collector to collect the bill, to the extent permitted by law, a collection charge shall be made.

DL-1

RATE SCHEDULE DL-1
DECORATIVE LIGHTING ELECTRIC SERVICE

The Lee County Electric Cooperative, Inc., shall charge and collect for electric lighting service on the following bases of availability, application, character of service, monthly rate, power cost adjustment, and tax adjustment.

AVAILABILITY:

This schedule is available throughout the entire territory served by Lee County Electric Cooperative, Inc.

APPLICATION:

Applicable to customers for automatically controlled dusk-to-dawn decorative lighting where existing overhead secondary circuits are located.

CHARACTER OF SERVICE:

Service under this rate schedule shall be alternating current 60 Hertz, single phase at the Lee County Electric Cooperative, Inc.'s, standard voltages and shall include lamp renewals and automatically controlled energy from approximately dusk each day until approximately dawn the following day.

MONTHLY RATE:

Decorative light emitting diode (LED) light fixture mounted on existing or new poles, where applicable, with bracket attachment and connected to existing overhead secondary circuit. Poles will be billed under the OL-2 and SL-2 rate schedules.

Fixture Type and Nominal Wattage	Average Monthly kWh Usage	Rate per Month for Fixture Owned by Lee County Electric Cooperative, Inc.		
		Energy	Fixture	Total
75 watt LED	35	\$1.43	\$29.68	\$31.11
100 watt LED	46	\$1.76	\$29.68	\$31.44
120 watt LED	55	\$2.03	\$36.60	\$38.63

Power Cost Adjustment:

The amount computed at the above rate shall be adjusted plus or minus by an amount calculated in accordance with the formula specified in the Lee County Electric Cooperative, Inc.'s power cost adjustment clause which is part of this rate schedule.

Tax Adjustment:

The amount computed at the above monthly rate as adjusted by the application of the Lee County Electric Cooperative, Inc.'s power cost adjustment clause shall be subject to taxes, assessments, and surcharges imposed by any governmental authority calculated in accordance with the Lee County Electric Cooperative, Inc.'s tax adjustment clause which is a part of this rate schedule.

TERMS OF SERVICE:

1. The term of service under this schedule is not less than ten years. If the Lee County Electric Cooperative, Inc., is required to remove or replace decorative light facilities provided under this schedule, forcing premature retirement, the Customer shall be required to pay Lee County Electric Cooperative, Inc., an amount equal to the original installed cost, less depreciation and salvage value, plus the cost of removal.

2. The Lee County Electric Cooperative, Inc., shall furnish, install, operate, and maintain the decorative lighting equipment including lamp, luminaire, bracket attachment, and control device on an existing pole owned by the Lee County Electric Cooperative, Inc., electrically connected so that the power for operation of the light does not pass through the meter for the customer's other usage, at a location mutually agreeable to the Lee County Electric Cooperative, Inc., and the customer. The customer shall reimburse the Lee County Electric Cooperative, Inc. for any extraneous costs incurred during the installation of the outdoor lighting equipment, including but not limited to surveying, tree trimming, and rock removal.

3. The Lee County Electric Cooperative, Inc., shall maintain the lighting equipment, including lamp replacement, at no additional cost to the customer within five scheduled workdays after the customer notifies the Lee County Electric Cooperative, Inc., of the need for maintenance of the lighting equipment.

SL-2

Tax Adjustment:

The amount computed at the above monthly rate as adjusted by the application of the Lee County Electric Cooperative, Inc.'s power cost adjustment clause shall be subject to taxes, assessments, and surcharges imposed by any governmental authority calculated in accordance with the Lee County Electric Cooperative, Inc.'s tax adjustment clause which is a part of this rate schedule.

TERMS OF SERVICE:

1. The term of service under this schedule is not less than ten years. If the Lee County Electric Cooperative, Inc., is required to remove or replace private area light facilities provided under this schedule, forcing premature retirement, the Customer shall be required to pay Lee County Electric Cooperative, Inc., an amount equal to the original installed cost, less depreciation and salvage value, plus the cost of removal.

2. The Lee County Electric Cooperative, Inc., shall furnish, install, operate, and maintain the outdoor lighting equipment including lamp, luminaire, bracket attachment, and control device on an existing pole owned by the Lee County Electric Cooperative, Inc., electrically connected so that the power for operation of the light does not pass through the meter for the customer's other usage, at a location mutually agreeable to the Lee County Electric Cooperative, Inc., and the customer. The customer shall reimburse the Lee County Electric Cooperative, Inc. for any extraneous costs incurred during the installation of the outdoor lighting equipment, including but not limited to surveying, tree trimming, and rock removal.

3. The Lee County Electric Cooperative, Inc., shall maintain the lighting equipment, including lamp replacement, at no additional cost to the customer within five scheduled workdays after the customer notifies the Lee County Electric Cooperative, Inc., of the need for maintenance of the lighting equipment.

4. The lighting equipment shall remain the property of the Lee County Electric Cooperative, Inc. The customer shall protect the lighting equipment from deliberate damage. The customer shall reimburse the Lee County Electric Cooperative, Inc., for the cost of maintenance which is caused by vandalism.

(Continued on Sheet No. 17.300)

ISSUED BY: WILLIAM D. HAMILTON
EXECUTIVE VICE PRESIDENT
AND CHIEF EXECUTIVE OFFICER

Effective: April 1, 2018

(Continued from Sheet No. 17.200)

SL-2

5. The customer shall allow authorized representatives of the Lee County Electric Cooperative, Inc., to enter upon the customer's premises and to trim trees and shrubs as necessary for maintenance of the lighting equipment and for removal of the lighting equipment upon termination of service under this schedule.

6. The Lee County Electric Cooperative, Inc., while exercising diligence at all times in furnishing service hereunder, does not guarantee continuous lighting and will not be liable for damages from any interruption, deficiency, or failure of service and reserves the right to interrupt service at any time for necessary repairs to lines or equipment or for system protection.

7. The Lee County Electric Cooperative, Inc., will not be required to install equipment at any location where the service may be objectionable to others. If it is found that the light is objectionable after it is installed, the Lee County Electric Cooperative, Inc., may at its option terminate the service.

8. The above rates are net. In the event the current bill is not paid after due notice, to the extent permitted by law, the customer is subject to a late-payment charge and disconnection. In the event it is necessary for the Lee County Electric Cooperative, Inc., to send a collector to collect the bill, to the extent permitted by law, a collection charge shall be made

OL-2

RATE SCHEDULE OL-2
PRIVATE AREA LIGHTING ELECTRIC SERVICE

The Lee County Electric Cooperative, Inc., shall charge and collect for electric lighting service on the following bases of availability, application, character of service, monthly rate, power cost adjustment, and tax adjustment.

AVAILABILITY:

This schedule is available throughout the entire territory served by Lee County Electric Cooperative, Inc.

APPLICATION:

Applicable to customers, other than Street Light Districts, for automatically controlled dusk-to-dawn outdoor lighting where existing overhead secondary circuits are located.

CHARACTER OF SERVICE:

Service under this rate schedule shall be alternating current 60 Hertz, single phase at the Lee County Electric Cooperative, Inc.'s, standard voltages and shall include lamp renewals and automatically controlled energy from approximately dusk each day until approximately dawn the following day.

MONTHLY RATE:

High pressure sodium (HPS) or metal halide (MH) or light emitting diode (LED) light fixture mounted on existing wooden pole, where applicable, with bracket attachment and connected to existing overhead secondary circuit.

** The asterisked non-LED decorative lighting rates are closed to new LCEC Installations on the effective date. For current customers, Lee County Electric Cooperative will make reasonable efforts to replace HPS lights with HPS lights when maintenance or repairs are needed. If the HPS light cannot be replaced, the customer has the option to replace the light with a LED light under the DL-1 rate schedule.
