RE: Application for a staff assisted rate case for Sunny shores Utilities, LLC in Manatee County.

Dear Commission Clerk:

Enclosed please find an application for a staff assisted rate case for sunny Shores utilities in Manatee County.

In this docket the utility requests the following:

1. A customer deposit
2. A meter tampering Fee
3. A request to replace 35 customer meters and boxes per year.
4. Removal or reclassification of the backflow maintenance fee. For this fee, the previous owner had contracted with a company to inspect the customers backflow devises. I am choosing to change this method, as these backflow devises are the property of the customer and I feel the customer should have them inspect independent of the utility. Utility personal will conduct a physical inspection once per year to verify all backflow devises are current with inspections and in working order.

On behalf of the company,

Mike Smallridge.
